Viewing Booth Pro Download

Viewing Booth Pro is a standalone, multi-window, image viewer for standard TWAIN capable scanners. It is a simple, easy to use tool to help fix or improve image quality. Viewing Booth Pro features an easy to use interface with many windows and tools for image editing. It only takes a few mouse clicks to correct problems with an image color, correct a red eye, or adjust the color balance. With a few simple mouse clicks, you can easily remove a red eye, change the look and feel of the image, or rotate the image. With our viewing booth modes, you can easily find a single image to edit. Simply select the image, then select the desired tool/window mode from the menu and the Viewing Booth will display the proper tool window. Viewing Booth Pro can edit: ⬜ Correct color from the front panel. ⬜ Remove Red Eye from images. ⬜ Add text to image files. ⬜ Correct color problems. ⬜ Adjust Tint, Gamma, Saturation, Brightness, and Contrast. ⬜ Flip images horizontally, vertical, or invert them. ⬜ Rotate the image from 1 degree to 360 degrees. ⬜ View and edit multiple page TIFF files. ⬜ Supported File types are: *.JPG, *.TIFF, *.BMP, *.PCX, *.PCD, *.CMP, *.PNG, *.RAS, *.FPX, *.WMF, *.TGA, *.PCT. Testimonial "Viewing Booth Pro is something that we have not seen anywhere else. It is a program that has revolutionized the way we monitor and manipulate TWAIN image files. It is rare that we meet another vendor that has a free application that makes a TWAIN scanner work like a TWAIN-1 scanner. It's cost effective. It's easy to use. We took our machine and scanned a few pictures from the hotel menu and the vendor said that the quality was much better. I installed Viewing Booth Pro and it performed even better. With Viewing Booth Pro we have been able to not only watch our files but fix them. This is something that competitors do not offer. I am not even sure if they can. I would recommend Viewing Booth Pro and think that the cost is great!" Viewing Booth Pro Email Updates Send in your comments, questions, or suggestions.

What's New In?

----------------------------- Viewing Booth Pro is a free, easy-to-use software program designed to help users correct the color of scanned images using their color or grayscale scanner. This is a very powerful program which gives you many powerful image editing tools. With Viewing Booth Pro, you can correct color problems with three different scan modes: "Red Eye Correction" (only available if you have a software TWAIN driver), "Tint Correction" and "Saturation Correction". All three scan modes work with most TWAIN compatible scanners including HP scanners, Canon CanoScan LiDE 110/260/500/1100, Kodak DXI520, and many other brand name machines. The program also offers a "Tone Comp" mode, which lets you fix bad grayscale images (without a software TWAIN driver), and lets you correct poor image contrast. As a bonus, viewing booth pro will show you some simple, quick and easy, tips and tricks on how to correct color from your scanner. Visit this page for more details You can install the program manually by copying the zip file, and the program will start automatically after installation. If you install the program via registry or my programs, and you launch the program via the run menu, the program will be installed under the full version of software, and it will launch automatically after the installation. I recommend you to download this program and use it at first time, rather than use trial version. The software will give you full and for sure support if you face any problems with the installation. We have a pro version that contains following additional features: "Red Eye Correction" "Tint Correction" "Saturation Correction" "Splash Map" "White Balance" "Color Correction" "Grayscale Correction" "Image Rotate" "Adjust Color by Hue, Saturation, Brightness, and Contrast" "Add text to image files" "Create Watermark" "Adjust Tint, Gamma, Saturation, Brightness, and Contrast" "Flip images horizontally, vertically, or invert them" "Tone Comp" "Show tips and tricks" The program was tested on Windows XP, Vista, 7 and 8. Full Version : $29.99 Software Description: ============== Viewing Booth Pro
